Statement of Management Committee's responsibilities

The Management Committee is responsible for preparing the Report of the Management Committee and the financial statements in accordance with applicable law and regulations.

The Industrial and Provident Societies Acts 1965 and 2002 requires the Management Committee to prepare financial statements for each financial year. Under that law the Management Committee has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Also under that law the Management Committee must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Society and of the profit or loss of the Society for that period. In preparing these financial statements, the Management Committee is required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Management Committee is responsible for keeping adequate accounting records that are sufficient to show and explain the Society's transactions and disclose with reasonable accuracy at any time the financial position of the Society and enable them to ensure that the financial statements comply with the Industrial and Provident Societies Acts 1965 to 2002. They are also responsible for safeguarding the assets of the Society and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ON THE EIGHTH DAY CO-OPERATIVE LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2014

1 Accounting policies

Basis of preparation

The financial statements have been prepared under the historical cost convention modified to include the revaluation of long leasehold property and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Long leasehold property	2% on cost/valuation
Shop and kitchen equipment	10% on cost
Fixtures and fittings	10% on cost
Office equipment	25% to 35% on cost

The Society has adopted a policy of revaluation of its long leasehold property. In accordance with Financial Reporting Standard for Smaller Entities (effective April 2008) revaluations will be carried out every five years unless there is an indication of a material change in value in other years.

Fixed asset investments

Fixed asset investments are stated at historical cost less provision for any diminution in value.

Stock

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Deferred tax

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes, which have arisen but not reversed by the balance sheet date, except as required by the FRSSE.

Deferred tax is measured at the rates that are expected to apply in the periods when the timing differences are expected to reverse, based on the tax rates and law enacted at the balance sheet date.

Operating profit is stated after charging:

	£	£
Loss/(profit) on sale of tangible fixed assets	105	(84)

The Society operates from premises under a lease of length 999 years provided by Carlton (North Wales) Ltd. This was granted in April 2003 after the Society transferred its ownership of the freehold property to Carlton (North Wales) Ltd for a consideration of £120,000. The Society has incurred expenditure on subsequent improvements to the property, which have been accounted for in these financial statements in addition to the value of the leasehold interest.

Revaluations

The long leasehold property class of fixed assets was revalued on 8 May 2014 by Peter Marsh, MRICS who is external to the company. The basis of this valuation was open market value. This class of assets has a current value of £645,422 (2013 - £600,000) and a carrying amount at historical cost of £239,921 (2013 - £245,026). The depreciation on this historical cost is £71,339 (2013 - £66,234).
